# MOLU CHARDONNAY 2020

## Vineyard

Variety Chardonnay 100%

**D.O** Casablanca Valley.

**Soil** Sandy clay with a depth of 1,8 metres.

**Harvest** The harvest took place from 25th February to 14th March, when the grapes showed their greatest aromatic potential. The clusters were

hand-picked in the early hours of the morning, and then transported and carefully selected, preserving the quality and character obtained

from this variety grown in the Casablanca Valley.

Vintage Year of high temperatures during January which accelerated the

maturity of the grapes. Across February and March, the temperatures remained medium to high, having an early harvest compared to a normal year by around 10 to 12 days. However, the acidity levels

remained high producing fresh and aromatic wines.

## Winemaking

**Fermentation** During the whole process the juice was protected from contact with air.

Prior to the fermentation, a cold maceration was carried out for a period between 12 to 14 hours to increase contact between juice and skin. The fermentation was carried out slowly, maintaining a constant control of the temperature between 13 and 16°C, which allowed to extract fruit

and mineral aromas characteristic of the variety.

Ageing After fermentation, it was left to rest for 6 months on its lees, making

smooth movements (bâtonnage) to maximize the contact of the fine smears of the wine with its texture. About 15% of the volume was aged

in French oak for a period of 6 months.

**Technical Data** Alc / Vol: 13.0%

PH: 3.39

Acidity: 5.89 g/L (Tartaric Acid)

Residual Sugar: 2.37 g/L

**Ageing Potential** Can be cellared for 4 years under right cellar conditions.

### **Tasting Notes**

**Color** Straw-colored yellow.

Aroma With good tipicity it brings aromas of papaya, mango and ripe

pineapple, complemented with gentle notes of vanila and dry fruits.

Palate A well-rounded wine with good volume, a concentraded palate but

fresh at the same time where vanila and tropical fruit flavors intermingle. Long and clean finish.

Ŭ.

## Serving Suggestion

Recommended drinking between 8 and 10  $^{\circ}$  C. Ideal to accompany fatty fish, pasta and white meats.
